Correction: Trials (2024) 25, 72 https://doi.org/10.1186/s13063-023-07874-0

Following publication of the original article [1], we have been notified that the 5th author name has been incorrectly spelled as Jenkins instead of Jenkinson. Their affiliation was also incorrectly assigned to no 3 (Neonatal Intensive Care Unit, Kings College Hospital, London, UK) instead of no 1 (Neonatal Intensive Care Unit, King's College Hospital NHS Foundation Trust, London, UK).

The original article has been corrected and affiliation 3 was removed altogether as redundant.
