Correction: Modified prolonged exposure therapy as Early Intervention after Rape (The EIR-study): study protocol for a multicenter randomized add-on superiority trial

Tina Haugen1,2,3*, Joar Øveraas Halvorsen1,3, Oddgeir Friborg4, Melanie Rae Simpson5, Paul Jarle Mork5, Gustav Mikkelsen2,6, Ask Elklit7, Barbara O. Rothbaum8, Berit Schei5,9 and Cecilie Hagemann2,9

Following publication of the original article [1], we have been informed that the box entitled “Baseline assessments” in Fig. 1 was misplaced. The correct placement should have been after “Informed consent” and before “Randomization.”

The original article can be found online at https://doi.org/10.1186/s13063-023-07147-w.
